Seminary Advantage

***Bringing the advantage of accredited
theological training to you!***

Seminary Advantage Is ...

... a formal, accredited, program of practical theological training that provides *the equivalent of one year in seminary* for students of any interest and age, at a fraction of the cost!

In cooperation with **Knox Theological Seminary** in Ft. Lauderdale, FL, the program has been established *for those in Central Arkansas who need or desire a more comprehensive, solid, understanding of Biblical truth and theology* for working (whether as a volunteer or vocationally) in a practical ministry setting such as a local church.

Through local training centers and qualified teachers, **Seminary Advantage** brings the experience of seminary to you in an interactive classroom setting. Understanding the day-to-day pressures of our students, however, *we remove the pressure of rote memory and testing, focusing instead on practical learning and application.* At the end of the day, we are not so much interested in what one can recite by memory, but what one can do to advance the kingdom of God on earth by faith, hope and love. Our passion is fruit not finals; training not tests; and God's exaltation through the salvation of the lost and not the exaltation of one denomination over another.

Upon successful completion of the program, students will receive a ...
